

Health Savings Account (HSA) Instructions for Request for Return of Excess Contributions or Request to Close an HSA Opened in Error

Use this form to correct either of these situations.

Excess Contributions: When you have contributed more to your HSA than you're allowed for the tax year, you have an excess contribution. You have until the tax filing deadline to withdraw an excess contribution from the prior tax year without penalty. Generally, the tax filing deadline is April 15 of the next year. You may have to file additional tax forms. Please consult with a tax advisor if you have any questions about your HSA contributions.

HSA Opened in Error: If you opened an HSA in error because you were never eligible, you can close it. If you have any funds in the HSA, we'll return them. You may refer to Internal Revenue Service (IRS) Publication 969 for more information.

Note: If you need help with this form, please call Member Services. The number is on the back of your HSA debit card.

Below are a few reminders as you complete the form.

- Complete all sections. If you're requesting that the funds be returned to your employer, please make sure that your employer knows about this and is prepared to accept the funds.
- If requesting a return of excess contributions, please make sure that you include the year of the excess contribution (section 3).
- You must sign this form (section 4).
