What You Should Know

Primary Care Provider (PCP): You have the option to choose a PCP. When we know who your provider is, we can better support your care.

Referrals: Your plan doesn't require a referral from a PCP to see a specialist. Keep in mind, some providers may require a recommendation or treatment plan from your provider in order to see you.

Prior Authorizations: Your provider will work with us to get approval before you receive certain services or drugs. Benefits that may require a prior authorization are listed with an asterisk (*) in the benefits grid.

MEDICAL DISCLAIMERS

For more information about Aetna plans, go to **MHBP.com/Retiree** or call Member Services toll-free at **1-866-241-0262** (**TTY: 711**). Hours are 8 AM to 8 PM ET, Monday through Friday.

Participating health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The complete list of services can be found in the *Evidence of Coverage* (EOC). You can request a copy of the EOC by contacting Member Services at **1-866-241-0262** (**TTY: 711**). Hours are 8 AM to 8 PM ET, Monday through Friday.

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your *Evidence of Coverage*.
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You may pay more for out-of-network services. Prior approval from Aetna is required for some network services. For services from a non-network provider, prior approval from Aetna is recommended. Providers must be licensed and eligible to receive payment under the federal Medicare program and willing to accept the plan.

Out-of-network/non-contracted providers are under no obligation to treat plan members, except in emergency situations. Please call our Member Services number or see your *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.

Aetna will pay any non-contracted provider (that is eligible for Medicare payment and is willing to accept the Aetna Medicare Plan) the same as they would receive under Original Medicare for Medicare-covered services under the plan.

PHARMACY DISCLAIMERS

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30-day supply.

Members who get "extra help" don't need to fill prescriptions at preferred network pharmacies to get Low Income Subsidy (LIS) copays.

Pharmacy clinical programs such as precertification, step therapy and quantity limits may apply to your prescription drug coverage.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.

For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 7-10 days. You can call **1-866-241-0357** (TTY users should call **711**), 24 hours a day, seven days a week, if you do not receive your mail-order drugs within this timeframe. Members may have the option to sign up for automated mail-order delivery.

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for "off label" use (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which an additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as "exclusions" or "non-Part D drugs." These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Your plan includes supplemental coverage for some drugs not typically covered by a Medicare Part D plan. Refer to the "Non-Part D Supplemental Benefit" section in the chart above. Non-Part D drugs covered under the non-Part D supplemental drug benefit can be purchased at the appropriate plan copay. Copayments and other costs for these prescription drugs will not apply toward the deductible or annual out-of-pocket threshold. Some drugs may require prior authorization before they are covered under the plan.
